

**COMPANY POLICY STATEMENT      CPS 6**  
**SUSTAINABLE DEVELOPMENT POLICY**

Sustainable Development is development that meets the needs of the present without compromising the ability of future generations to meet their own needs. It has three pillars: economic, environmental and social impacts.

Edenhall is committed to delivering its vision for Sustainable Development throughout its businesses. This requires that all our policies, plans, service and products should be considered for their impacts and how they will contribute towards a more sustainable environment. Decisions will be made based on the environmental and social consequences of our activities, alongside financial considerations.

Edenhall is committed to be a credible, responsible and ethically sound provider of goods and services to the construction industry. Our sustainability agenda is closely linked to our Corporate Social Responsibility, in that we recognise our duty of care to all stakeholders in all aspects of our business activities.

The framework set out to deliver our commitment to Sustainable Development includes:

- Company Environment Policy and Management System with continuous improvement within the following areas: energy consumption reduction; waste reduction; waste recycling; CO<sub>2</sub> reduction.
- Procurement Policy to ensure that materials are responsibly sourced and our suppliers contribute towards sustainable development and ethical trading standards.
- Health and Safety is a key element in the overall management of our business and to all those that come into contact with our activities. The Company promotes good employee welfare with the provision of occupational health surveillance, support and monitoring for all.
- We support a range of charitable causes by giving donations made possible by fund-raising schemes which involve employees, together with a recognition and responsibility to support communities where the activities are located.

Edenhall will communicate, manage and promote this Sustainable Development Policy.

This policy will be reviewed annually.
